

FAMILY OF FIVE OVERCOME BY GAS, ONE CHILD DEAD

The Other Twin and Mother
In Hospital in a Serious
Condition.

George Uderfriend, thirty-four years old, a tailor, his wife and three children were overcome by gas early today in their three-room apartment on the third floor of No. 24 East Houston street, and when help reached them little, eighteen months old, was dead. Mrs. Uderfriend was nearly so and Edwin, eighteen months old, may not recover.

The father and Morris, ten years old, sleep in one room and the mother and the twins, Tillie and Helms, six, in the room just off the kitchen. The cook that controls the gas for the stove is on the wall near window where Mrs. Uderfriend keeps the milk. It is supposed she got up to get some milk for one of the children during the night and brushed against the gas cook, turning it on. Uderfriend awoke at 5 o'clock and was barely able to get to the window for fresh air. Morris was unconscious, and the mother and twins apparently dead.

Dr. Roberts of Bellevue pronounced the little girl dead and took the mother and little boy to the hospital. The older boy was revived and remained at home.

HACKENSACK EXPECTS ROW. Guards Will Bar Old Freeholders Out of Court House.

Trouble is expected in the Bergen County Court House, Hackensack, N. J., this afternoon, when the old Board of Freeholders attempts to hold a meeting there. The new board has been in possession of the court house since Jan. 4, and armed deputies have been on duty in the freeholders' room night and day ever since. Capt. Addison Ely, counsel of the old board, said last night: "The members will assemble at the court house at 12 o'clock to-morrow afternoon, but we will not carry rifles, revolvers, cannons nor powder, even though the guards are armed with magazine rifles. If the doors are locked against us we will adjourn to some nearby hall and hold our meeting anyway." The old board insists that the new board is not a legal body. The case is now in the Supreme Court.

TROLLEY CAR JUMPS TRACKS. Woman Taken to Hospital—Other Passengers Cut by Glass.

Miss Viola Newell, twenty-three, of No. 29 South Broad street, Elizabeth, N. J., was taken to St. Vincent's Hospital, Livingston, N. J., last night, suffering from cuts and bruises received when a trolley car of the Richmond Light and Railway Company left the rails and ran into the gutter. Six or seven other passengers in the car were slightly injured by flying glass. The car was bound from St. George to the Elizabethport ferry. When it reached the curve at Richmond Terrace and Taylor street, West New Brighton, the switch failed to catch it properly. All the glass on the right side of the car was smashed.

Don't Say You Can't Eat

You'll Never Have Stomach Trouble
After You Read This and Act on
It. Stuart's Dyspepsia Tab-
lets Are the Open Secret.

Thousands of people who hadn't really enjoyed a meal for years have given their stomach a new lease of life through the tender-works, Stuart's Dyspepsia Tablets. They promptly put an end to flatulency, heartburn, distension, sick headache, dizziness, burning sensation, brash, fermentation and the other ills attendant upon a disordered stomach.

The stomach sends a message to the brain the instant there is trouble.

In this day and age of known facts there is absolutely no excuse for any one to suffer with stomach trouble—indigestion, sour eructs, catarrh of the stomach, gas formations, etc. Stuart's Dyspepsia Tablets are composed of known and approved digestants that help out the gastric juices of the stomach. They are Nature's digestives, the same kind the stomach uses when it is in good health. Stuart's Dyspepsia Tablets do not merely aid digestion—they actually digest the food themselves. All the hard work is thus taken off the stomach and it gets a chance to rest and recuperate. The undigested food which formerly produced nauseating gases in the stomach becomes thoroughly digested and as a result provides new brain and nerve cells to replace natural waste always going on. Stuart's Dyspepsia Tablets act quickly, safely and naturally, just like Nature herself. They are a familiar and standard part of the stock of every properly equipped drug store and are sold at 50c a box. Those who once try Stuart's Dyspepsia Tablets are never at a loss to know how to overcome any form of indigestion or stomach trouble.

as if the winter had really set in. When the early riser got up this morning the sky was gray, and it was just about 5:45 o'clock when the sky began to shake out its winter lingerie for Monday's wash. A light wind from the south, not more than three miles an hour, didn't hurry things much and the white drapery fell gently to earth. In an hour everything was white, the treetops, the housetops and shoeops. At 8 o'clock this morning the temperature was 15 degrees above that at the same time yesterday morning. You might have thought it was cold yesterday, but it wasn't. The weather brought out the furs, but there really wasn't any need of them. The lowest the thermometer got yesterday was 16 degrees above. At 8 o'clock this morning it was 21 degrees.

Out in the park there was a suspension of winter yesterday, but that was all. Central Park was crowded and the Fifth Avenue parade was in progress right up to 5 o'clock in the afternoon. Little boys and little girls had on their roller skates, but there has not been any ice on the ponds in the park all through winter strong enough to hold up a pair of ice skates. Yesterday they were sailing small ships on some of the ponds. The weather clerk isn't quite sure about this visitor in white from the north, who came in the back door this morning. He hasn't registered, but hasn't said whether he is going to remain. He'll let us know later on. In the mean time, the sidewalks are slippery, sloppy and wet, and you are cautioned to "watch your step."

Furs!—Extra! Extra!

We have bought out the
Entire Stock of Frankl & Steinhacker
of Nos. 37 and 39 West 28th Street—the noted workers in Fur—at a fraction of the real value
To Be Sold at 50c on the Dollar

None sent C. O. D. or on approval. No Mail or Phone orders filled. None returnable or exchanged. Positively none sold to dealers.

Everywhere in the trade, the name of the old established firm of Frankl & Steinhacker stands for "quality"—quality of the sort that appeals to the best trade and commands the highest prices. One need not be a fur expert to appreciate the remarkable values offered in this sale—the superiority of workmanship, the finish, the quality of the skins, the perfect matching, are apparent at first glance.

This solid, reliable house found itself in precisely the position of many another fur manufacturer—with a tremendous stock on hand and not the slightest prospect of finding a market for it, except at a ruinous sacrifice—there was no other alternative open. The Simpson Crawford Co., following its usual policy, has consistently declined to consider overtures from manufacturers whose wares would not bear the closest and most critical scrutiny. Every piece must measure up to the high Simpson Crawford standard, and merit the unqualified guarantee of the House. Every fur is called by its real name, so that every patron knows exactly what she is receiving for what she pays. In order that the clearance of our own great stock might not suffer by reason of these astounding values, we reduced every piece of fur, fur sets and coat in our entire stock to the same plane, so to-morrow we will put on sale

\$40,000 Worth of Furs for \$18,500

Extra salespeople will be in attendance to facilitate selection and render prompt service.

Real winter is only beginning, and next season these furs will be as good as new and right up to the minute in style. This is the greatest fur opportunity we have ever been able to offer.
